Dear Mr. Deininger:

In follow-up to my letter to you of 2/26/91 regarding the draft Nelson Galvanizing Workplan, I am forwarding a copy of the comments provided by my TAT contractor. Some of the comments are of an editorial nature, a few are significant and will warrant serious consideration, and some items will require incorporation into the workplan. I've marked the enclosed pages accordingly, and I'll forward the comments from the EPA RCRA person as soon as I get them.

Sincerely yours,
